

## Contact Doug Koenig Law for Estate Planning

### Fee Schedule

While no fee schedule can completely cover the issues and nuances that could be found in a will or a complete estate plan, the following illustrates the fee schedule for several documents. When you come in to talk with me (*this first consultation is free*), we will go over the details, identify the probable issues, and create a package proposal for you or your family.

### Wills and Trusts

- Simple Will - \$400.
- Will with a single trust, or spousal simple wills - \$600
- Complex wills, including trusts, special needs, guardian ad litem, and so on - \$1000 plus \$250/hr beyond 4 hrs.

### Powers of Attorney - \$100 @

- **Durable business power of attorney**  
(or, "Who, and when, can make decisions about my stuff when I cannot.")
- **Health Care Powers of Attorney**  
(or, "Who can make decisions about my health care when I cannot.")
- **Living Wills** also known as **Advance Directives**  
(or, "How much **can** be done to keep me alive if I will end up in a coma.")
- **"Will to Live" Durable Power of Attorney**  
(or, "How much **must** be done to save me.")
- **HIPAA Authorizations**  
(or, "Who can see my medical information.")
- **Do Not Resuscitate (DNR) Orders**  
(or, "What can and cannot be done to save or revive me.")

Much of the material in the above forms is also contained in the **Medical Order Scope of Treatment (MOST)** Form, so it is important to discuss the interplay between the forms. You should discuss this with your health care representative and doctors.
